

GETTING MARRIED?

UNDERSTAND YOUR MARRIAGE CONTRACT OPTIONS

Marriage is an exciting journey, but it's essential to understand the legal implications of tying the knot. In South Africa, there are **three primary marital regimes**:

Marriage in Community of Property

All assets and liabilities are shared equally between spouses.

Marriage Out of Community of Property without Accrual

Each spouse retains full control over their own assets and liabilities.

Marriage Out of Community of Property with Accrual

Spouses keep separate estates, but share in the growth of their combined wealth.

Why You Need a Prenuptial Agreement

Without a prenuptial agreement, you may automatically be subject to laws that share your assets and debts equally.

A prenuptial agreement:

- **Protects your personal assets**
- **Ensures financial independence**
- **Prevents liability for debt incurred**
- **Provides clarity in divorce or death**
